MEMORANDUM FOR THE RECORD

SUBJECT: Medical Supplies for [redacted]
For OSA-OEL Office of Logistics

STAT

1. Normal procedures for acquisition of medical supplies have been and will continue to be [redacted]

STAT

2. A large number of drugs, including narcotics, are known as "controlled drugs," require the signature of a military physician. [redacted] is, therefore, unable to supply these drugs. However, until the deactivation of Detachment "G" at Edwards AFB, the Project Flight Surgeon performed this function.

STAT

3. With the dissolution of OSA and its medical component, it will be necessary for the Agency medical department to provide these controlled drugs through OMS/Supply. [redacted] Supply Officer, has been briefed on the change taking place, and he states there will be no problem when a Form 88 is submitted by OSA or OEL to OMS/Supply. In the event that [redacted] cannot supply certain items, OMS will respond to any requisition regardless and not necessarily just the "controlled items."

STAT

STAT

STAT

4. The medics at [redacted] will present a list of their requirements to their Logistics Officer who will submit his requirement through regular channels.
